- Upgrade to General Class with NO Morse Code test required!
- Testing: In class, Sunday afternoon.
- Live high frequency equipment demonstrations, including disaster comms
- Dipole antenna construction, plus mobile antenna demonstrations
- Study questions reorganized for easier classroom learning
- Multiple-choice examinations with no Morse Code test required

Federal Communications Commission eliminates the Morse code requirement for amateur radio licenses. (Report and Order, WT Docket 05-235) Technician Class operators may upgrade to worldwide General Class privileges by passing a 35 question, multiple choice answer examination. (74% passing grade or better) This two-day action-packed class will focus on worldwide radio equipment, high frequency General Class bands, and simple antenna building outside. Plenty of live high frequency equipment, including computers and digital radio demonstrations.

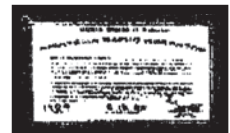

- Learn how to put up "hidden" wire antennas to work the world!
- Discussions on which worldwide radio to buy (\$599 brand new, and up)
- Learn high frequency net operating procedures, with live equipment
- Watch high frequency Factor email operating
- Go from Technician Class to General Class in just one weekend!

Call GORDON WEST now to learn more about the upgrading from Technician Class to General Class (714) 549-5000.

Many other two day upgrades may be available. Class fee of \$ 125.00 covers prestudy books, homestudy computer software, and audio CD's, and Priority Mail.

PRESTUDY REQUIRED! \$15.00 test fee to examiners on Sunday

Prerequisite: Valid Technician Class license. Call Gordo for the exact class location and receive a class fee discount for current General Class study materials you may have already purchased through the Ham store.
